*Rise Above
The Competition!*

Free Standing Sign Structures

From consultation to installation and permitting, our sign experts at DCI Signs can assist you with finding your perfect customized sign to match your company's requirements.

Our on site graphic artist will provide a scaled art proof of your logo or artwork as it will look installed at your location prior to manufacturing to make sure your sign is everything that you dreamed it would be.

Custom Pylon Signs can help direct traffic to your business location and communicate the message of a single business or multi tenant complex. These customized pylon signs are very popular when it comes to identifying shopping plazas and industrial complexes, car dealerships, gas stations, restaurants, mini-malls, hotels, and retail locations.

DCI Signs will act as a liaison with contractors, site managers, and Municipal Offices to ensure a trouble free project!

Architectural Canopies

*DCI Architectural Canopies represents
an exciting approach to the pre-engineered
building components market and are always
pro-active in the use of materials to expand
industry trends and designs.*

*Our broad knowledge separates us from the
cookie-cutter fabricators to an elite level of custom
design and build manufacturers.*

*From start to finish, design through installations, we
provide superior execution required during each phase
of your project to produce top-quality canopy systems.*

Sunshades & Louvers

Sunshades are an attractive means to obstruct undesired sun and heat gain while allowing natural light into your building.

Sunshade louvers add an attractive design element to your building.

Numerous blade shapes, blade spacings, and trim profiles allow a design to suite your project requirements.

This product delivers optimum energy performance without compromising aesthetics.

From entrances and framing systems to windows and curtain wall systems, DCI Signs offers strong and versatile solutions that reduce energy demand and environmental impact — conserving valuable natural resources.
